## INFORMATIONAL BULLETIN IB-10002

TO: All Operational Personnel  
FROM: Scott Cullers, Fire Chief  
RE: Driver - Operator for City Command Vehicle  
DATE: September 15, 2010

We are seeking two qualified personnel who would be interested in becoming trained and certified in operating the City Command Vehicle. Duties would include an orientation and operation of all the vehicle systems, such as setting up the vehicle, etc. If selected, you would be placed on a rotational list to ensure availability of the unit at all times. No CDL is required to operate. **NOTE:** Vehicle is subject to call out at any time, by any requesting mutual aid jurisdiction, and may be operational on an incident for prolonged operational periods.

Preference will be given to Firefighters, then to the officer ranks. Please place a request in writing to Captain Kensinger via email by the close of business on **Friday October 1, 2010.**
