RE: Breast Cancer Awareness Event
DATE: September 27, 2012

INFORMATIONAL BULLETIN IB-12038

The department has approved the request from the Winchester Professional Firefighters to recognize Breast Cancer Awareness during the month of October. This will be conducted in the form of personnel wearing special supplied pink t-shirts in support of the charity.

The following guidelines shall be followed by all personnel:

- SOP 2.12 addressing the uniform policy will be relaxed to allow Fire and Rescue personnel to wear pink t-shirts from October 1, 2012 through October 31, 2012, on the requested Mondays, Wednesdays and Fridays, **only**.
- Wearing the pink t-shirt is strictly voluntary and is not required to be worn by any entity. To be in-line with City sponsored jeans day events, those wishing to participate are encouraged to make a minimum donation of \$5 payable to the Winchester Professional Firefighters organization. All monies will be given to the Wellspring Charity.
- At all other times or those not wishing to participate; department personnel shall follow SOP 2.12 as outlined and proper class B uniform must be worn when attending/performing public education events.
- This program shall be made available to ALL department personnel including volunteers.
- At a minimum, the pink t-shirt must be 100% cotton and mimic the back design of the new department issued t-shirt with the inclusion of breast cancer insignia on front and back.
- Personnel that wear the pink t-shirt on the authorized days shall be fully aware of the limitations of this fabric as described in the Dupont video that is displayed on our internal website. It will be the individual's responsibility to make an informed decision to wear this garment or not. The department maintains their recommendation to wear the supplied NOMEX garments at all times.
- T-shirt distribution and contact personnel for the event are as follows: Firefighter's Joseph, Atkins, Buchanan, Wilson, and Johnson.

"To develop and deploy a coordinated service delivery system through which the community is provided public safety services in a professional and cost effective manner."
