TO: All Fire and Rescue Personnel
FROM: Scott Kensinger, Deputy Chief
RE: Special County Response
DATE: June 24, 2013

INFORMATIONAL BULLETIN IB-13028

The railroad crossing at the intersection of Round Hill Road and Singhass Road in the County is closed due to crossing repairs from now through the end of the week. Due to the alternate route that Company 15 would need to take for incidents originating on Singhass Road and Miller Road, Winchester Fire and Rescue has been placed on a dual response with Company 15 to ensure expedient service.

Calls for service to the two streets identified above will be processed through the normal mutual aid response request from Frederick County.
