The department is pleased to announce that EMT/Firefighter Matt Atkins has completed the process and requirements for consideration to be released as Attendant-in-Charge of patient care. Through his hard work and support from peers, Matt's new EMS certification will enhance the service delivery capabilities of the department.

I am pleased to announce that as of the issuance of this informational bulletin Matt has received "Authorization to Practice" at the EMT-Intermediate level from the department's Operational Medical Director.

I would like to thank everyone for their efforts with Matt.
