RE: School Back in Session
DATE: August 7, 2014

INFORMATIONAL BULLETIN IB-14042

On August 11, 2014 all Winchester Public schools will be back in session. We want to remind everyone to use extreme caution when in public as vehicle and pedestrian traffic will be increased as well as delays in traffic due to the loading and offloading of children from buses.

As an additional reminder, state code states that even emergency vehicles responding to an emergency must yield to buses that are displaying their flashing red lights. As a good measure this would be a good time to refresh our minds with "SOP 7.6 – Apparatus Driving Procedure".
