TO: All Fire & Rescue Personnel  
FROM: JD Orndorff, Battalion Chief  
RE: Clear Trash Bags for PPE  
Date: March 3, 2016

### **INFORMATIONAL BULLETIN IB-16009**

Clear trash bags have been delivered to each of the stations to be placed on all engines and trucks. One box should be placed on each of these units for use in bagging contaminated PPE after a fire scene. All bagged gear shall then be transported to station 5 for cleaning. If possible, do not place bagged gear in the cab of the apparatus during transport.

Additional bags can be requested through our resource officer.
