

	STANDARD OPERATING GUIDELINES	
	SUBJECT	SEE US PROGRAM
	REFERENCE NUMBER	SOG-07-02
	EFFECTIVE DATE	October 1, 2007
	Signature of Approval	 Frank E. Wright, Fire & Rescue Chief

In our continued effort to be safe and protect all of our personnel and the public, we are instituting the following guidelines for your safety. The **“SEE US PROGRAM”** is designed so that whenever we are working in the street or in an area where traffic could injure us, we will be visible to the drivers of all vehicles. All members of the department are the **US** of the **“SEE US PROGRAM”** and are to follow these guidelines when working in the street or in traffic:

1. Position apparatus with warning lights on and in a position to protect personnel, but in turn does not blind other drivers.
2. Use traffic cones and flares to control/detour and/or slow traffic in and around the work area.
3. Wear your Personal Protective Equipment (PPE) coat, lime green rain jacket, or traffic vest.

Appropriate PPE should be selected for the given incident type. Your safety and the safety of the public is of the utmost importance, please work together to protect each other.
